RE: Father Francis McMullen (Deceased)

DATE: April 30, 2002

Attorney [REDACTED]

[REDACTED] advised that she had been sexually molested when she was 8-years old (1958) by Father FRANCIS McMULLEN in Jaffrey, New Hampshire.

McMULLEN is deceased and [REDACTED] just wanted to go on the record and pass along her story to our attention. She plans no further action regarding this matter, but would be available if we have any further questions.

[REDACTED] is a member of the New Hampshire Bar and currently works for the [REDACTED]. During the mid-1980's she was an [REDACTED].

[REDACTED] comes from a deeply religious catholic family that attended St. Patrick's Church in Jaffrey. Her parent's adored McMULLEN and [REDACTED] said that she never told her parents that McMULLEN sexually molested her, however, she told her sister. Not too long after the assault on her, McMULLEN was transferred to another parish in Woodsville, New Hampshire, where he passed away in his early 40's. [REDACTED] sister later told her that she learned that McMULLEN had assaulted another child and his parents had told the diocese and McMULLEN was quickly moved out of Jaffrey.

Not too long after McMULLEN was transferred to Woodsville, [REDACTED] parents took their family up to see him and had dinner in the rectory. At this time, there was no reoccurrence of his action.
